

January Newsletter 2023

GCSE and GCE French, German and Spanish

Happy New Year to everyone! We hope that you have been able to enjoy a restful Christmas break and had a chance to recharge the batteries for the Spring term. There are a lot of things going on so please take time to read through the newsletter as it contains useful and important information for the new term.

Malpractice in speaking exams – important feedback for teachers

Awarding Organisations (AQA, CCEA, OCR, Pearson and WJEC) are under a regulatory obligation to take all reasonable steps to prevent malpractice. The JCQ Malpractice Group was therefore tasked with reviewing the type of issues encountered during the summer 2022 series in order that preventative action could be taken by the appropriate JCQ group. Below are the findings of the group:

The majority of the issues identified are maladministration and are in the following proportions:

- Interlocutor prompting - 5%
- Maladministration with recording - 15%
- Mis-delivery of speaking assessment - 80%

Some examples of what these issues relate to are as follows:

Interlocutor prompting including:

- interlocutor whispering individual words/phases, often subconsciously
- interlocutor providing prompts

Maladministration with recording including:

- recording not continuous
- recording inaudible
- poor recording due to noise interference
- recording finished early

Mis-delivery of speaking assessment including:

- interlocutor failed to follow prescribed structure/script
- interlocutor failed to use randomisation grids/vary topics
- candidates permitted to choose topic (where not permitted)
- candidates given too much preparation time
- candidates permitted access to notes (where not permitted)
- interlocutor changed/paraphrased questions (meaning candidates could not access full marks available)

We understand at WJEC Eduqas colleagues want to get things right and avoid falling foul of any regulations. Therefore, if you have any questions, doubts or worries regarding delivery of the speaking assessments, the languages team will be glad to help you, contact us at: languages@eduqas.co.uk

Examinations in Summer 2023

Several colleagues have contacted us to ask whether papers will continue to have adaptations as previously. The answer is no, it is business as usual and question paper formats will be as pre-pandemic following the standard specification.

Speaking window dates for 2023

The period of the speaking window for both GCE and GCSE will be 3rd April - 12th May 2023. Please note that these dates will always include the Easter break.

Important reminder for speaking assessments: MFL centre forms and allocation of Set Lists

Whether you are a teacher examiner or have a visiting examiner to conduct the speaking assessments, please remember to complete all paperwork for upload to WJEC:

- for GCSE; the [MFL Centre Form](#) and the Allocation of Set List
- for GCE; the [MFL Centre Form](#)

The paperwork covers authentication of candidate's work, GDPR requirements, a record of any candidate extra-time (officially granted) and allows examiners to check which examining materials were issued and used for each candidate. This information is vital for the smooth running and marking of the speaking assessment.

Resources for Teaching and Learning

There are a range of digital resources available on the **Resources** tabs on the Eduqas website subject pages for GCSE [French](#) / [German](#) / [Spanish](#) and GCE [French](#) / [German](#) / [Spanish](#).

Exam Walk Throughs (EWTs) are a free resource for both GCSE and GCE. These comprise visual and audio PowerPoint guides to the exams, put together by our experts. They are designed with the learner in mind to be used independently as part of remote or blended learning. Equally, teachers might find it useful to use as a group activity in class.

Teaching and Learning Guides are resources that continue to be available, produced by our experts as a suggested approach for using our online resources for teachers of French, German or Spanish. The aim is to provide flexible comprehensive support for teachers.

Exemplar candidate work is available on the 'Exemplar' tab of the subject pages of the website along with the marks and examiner feedback, leading you through a review of the exam questions. They will also include guidance on how examiner comments can be removed so that the materials can also be used as a teaching resource.

Analysing candidates' results

WJEC Eduqas offers two services to help you understand your students' results and develop their exam skills: Exam Results Analysis and Online Exam Review.

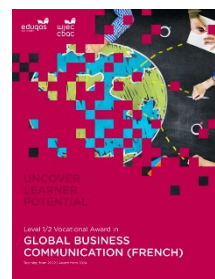

Exam Results Analysis on the [secure website](#) allows you to compare your students' performance on each question with that of the candidature overall, letting you see where they have done well and where there might be room for improvement. To do this, under the 'Results' tab, click on 'View/Print Item Level Data' or 'View/Print Centre Performance' for comparable data.

As always [Online Exam Review](#) provides marked exemplars of candidate responses to key questions in an interactive format. These allow students to mark others' work and discuss ways in which it may be improved, thus developing their own skills.
