1.1 Who is this for?

WJEC Level 1/2 Vocational Awards (Technical Awards) provide learners with opportunities to study vocational subjects alongside GCSEs and other general and vocational qualifications as part of a broad programme of study.

They are primarily designed for learners aged 14-16 and offer an experience that focuses on applied learning, i.e., acquiring and applying knowledge, skills and understanding through purposeful tasks set in sector or subject contexts that have many of the characteristics of real work.

Level 1/2 Vocational Awards (Technical Awards) available in 9 subject areas, listed below, meet Ofqual and DfE requirements for the KS4 performance table qualifications.

- Construction and the Built Environment
- Engineering
- Global Business Communication (French, German, Spanish)
- Health and Social Care
- Hospitality and Catering
- ICT
- Performing Arts
- Retail Business
- Sport and Coaching Principles

1.2 Sector overview

The Arts Council (2018) has warned that ‘a decrease in the number of schools offering creative art and design courses, the decrease in the number of students studying these subjects and a lack of effective information, advice and guidance on careers in the creative and cultural sector are perceived to be threatening the development of the talent pipeline.’¹ The Society of London Theatre and UK Theatre Association (2017) have also emphasised that in a post-EU Britain it will be vital for the sector to build on its success with ‘home grown’ talent and continued partnerships to ensure we retain our world-leading reputation.²

In 2015 the music, performing and visual arts sector, was worth £5.4 billion a year to the UK economy. This represented a growth of almost 10% from 2012 to 2013. The 10% increase was three times that of the wider UK economy during the same period. The figures showed a 46% increase in the music and performing arts sector since 2008.³ In 2018, 77,000 people were employed in performing arts. The number of employees in performing arts had increased from 59,000 in 2013.⁴ This highlights the importance of qualifications in developing the performing arts skills of young people.

1.3 Qualification objective

The Vocational Award in Performing Arts has been designed to support learners in schools who want to learn about this vocational sector and the potential it can offer them for their careers or further study. It is most suitable as a foundation for further study. This further study would provide learners with the opportunity to develop a range of specialist and general skills that would support their progression to employment.

1.4 Prior learning requirements

Although there are no formal entry requirements, learners would find the following learning skills and aptitudes helpful: basic proficiency in literacy and numeracy, some aptitude for working with computers and motivation to work independently.

1.5 Equality and fair access

This specification may be followed by any learner, irrespective of gender, ethnic, religious or cultural background. It has been designed to avoid, where possible, features that could, without justification, make it more difficult for a learner to achieve because they have a particular protected characteristic.

The protected characteristics under the Equality Act 2010 are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation, marriage and civil partnership.

The specification has been discussed with groups who represent the interests of a diverse range of learners, and the specification will be kept under review.

Reasonable adjustments are made for certain learners in order to enable them to access the assessments (e.g. candidates are allowed access to a Sign Language Interpreter, using British Sign Language). Information on reasonable adjustments is found in the following document from the Joint Council for Qualifications (JCQ): Access Arrangements and Reasonable Adjustments: General and Vocational Qualifications.

This document is available on the JCQ website (www.jcq.org.uk). As a consequence of provision for reasonable adjustments, very few learners will have a complete barrier to any part of the assessment.

1.6 What will learners study?

This is a unitised qualification consisting of three mandatory units:

Unit	Title	Assessment	GLH

3. Units

3.1 Unit format

Unit title:	Summarises, in a concise manner, the content of the unit.
Guided learning hours (GLH):	Guided learning means activities such as classroom-based learning, tutorials and online learning, which is directly supervised by a teacher, tutor or invigilator. It also includes all forms of assessment which take place under the immediate guidance or supervision of a teacher, supervisor or invigilator. GLH has been allocated per unit to support delivery. It is acceptable for centres to deliver this qualification holistically and, therefore, hours per unit are a recommendation only.
Vocational context:	Provides a vocational rationale for the content of the unit.
Overview of unit:	Provides a summary of the unit content. It sets the context of the unit and highlights the purpose of the learning in the unit.
Topics:	Includes the list of topics covered by the unit.
Assessment:	Summarises the assessment method for the unit.

3.2 Amplification

The amplification provided in the right-hand column uses the following four stems:

- ‘Learners should know’ has been used for the recall of facts such as: legislation and definitions.
- ‘Learners should know and understand’ has been used for the majority of the unit content where knowledge needs to lead to a sense of understanding.
- ‘Learners should be aware of’ has been used when the volume of content is quite extensive, and learners do not need to understand all aspects in detail.
- ‘Learners should be able to’ has been used when learners need to apply their knowledge to a scenario or practical situation.

The subject content is presented in three units, each sub-divided into clear and distinct topic areas. Within each topic area the knowledge, understanding and skills are set out with an initial overview and then in two columns. The left-hand column identifies the content to be studied. The right-hand column provides amplification of the knowledge, understanding and skills that learners should develop in this area. Together, these two columns give the full content of the specification. There is no hierarchy implied by the order in which the content is presented, and the order does not imply a prescribed teaching order.

The amplification provided in the right-hand column includes all of the assessable content for the relevant section, unless it states, ‘*e.g.*’ or ‘*such as*’. In these cases, the amplification lists relevant content, which should be expanded upon in an appropriate way, taking account of learners’ needs and interests.

Unit 1

Unit title	Performing
Unit entry code	5639U1
GLH	36
Vocational context	<p>Creatives reproduce work in a huge range of different disciplines, sometimes as revivals of plays or musicals, remixes of original songs and cover versions. They work with an existing piece of music, text or choreography and undertake a research and rehearsal process in order to reproduce the work to a professional standard.</p> <p>For example, a musician may produce a cover version of an existing song for a concert or gig, or a dancer may be expected to teach an existing choreography to a new cast member for a long running production. Whether reproducing an existing piece of text, music or choreography, a process is followed which will include research and rehearsal in order to develop the performance for an audience, then receiving feedback and reflecting on the completed piece, and further refining the performance in light of this.</p>
Overview of unit	<p>In this unit learners will gain a holistic knowledge and understanding of the skills and techniques needed to reproduce an existing piece of professional/published work.</p> <p>This unit can be completed through any one of the following disciplines:</p> <ul style="list-style-type: none"> • Drama • Music • Music Technology • Musical Theatre (candidates will be required to demonstrate their skills in at least two out of the three disciplines of singing, dancing and acting).
Topics	<p>1.1 Research and rehearsal</p> <p>1.2 Performance</p> <p>1.3 Review and reflect</p>
Assessment	<p>This unit is internally assessed through controlled assessment.</p> <p>Duration: Candidates will be required to perform existing work. This could be:</p> <ol style="list-style-type: none"> 1. One piece or a portfolio of pieces. 2. Performed individually or in groups of up to 10. <ul style="list-style-type: none"> • Individuals need to perform for between 3 and 6 minutes. Within a pair/group performance this individual timing remains. However, individuals can perform at the same time (e.g., a duet with both individuals singing at the same time could be 3 minutes long).

Number of marks: 60

Format: The assignment brief, which will include a scenario and several tasks, will remain the same for the lifetime of the specification and will be issued to centres in a Candidate Assessment pack via the WJEC Secure Website. Tasks are not intended to change for the lifetime of the qualification. If candidates chose to resit this unit at a later date, they must choose another original piece(s) of work to perform.

Candidates should submit a record/portfolio of work and recordings that outline progress at three stages:

- beginning of the process
- during the process
- the final performance.

This assessment contributes 30% to the overall qualification grade and will take 10 hours.

Practice and exploration activities will be required before some of these tasks (e.g., research into their chosen piece(s) as well as rehearsal that will be documented in their reflective journal).

Unit 3

Unit title	Performing Arts in Practice
Unit entry code	5639U3
GLH	48
Vocational context	<p>Creatives are given the opportunity to plan and create various pieces of work by responding to industry commissions. They will work to a brief commissioned by an arts organisation to plan a performance. In order for artists to be successful in securing paid commissions, they will need to have a good understanding of the business and management sector of the performing arts industry.</p> <p>For example, a producer may present a business pitch to an investor or funding body, or a musician may promote and advertise their music through social media, in order to fund future work. When working to a commission, a planning process is followed which will include considering the factors that might influence the creation of a new piece of work, utilising marketing tools to promote a new piece, then reviewing the progress of the commission and reflecting on the piece to inform future projects.</p>
Overview of unit	<p>This unit introduces learners to areas of the performing arts that need to be considered when responding to an industry commission.</p> <p>Learners will need to draw on their knowledge of the skills and techniques needed to reproduce an existing piece of professional/published work from Unit 1 alongside their knowledge and understanding of the skills and techniques needed to create and refine original work from Unit 2.</p>

4. Assessment

4.1 Internal controlled assessment (Units 1 and 2)

Units 1 and 2 are assessed through internal controlled assessment and submitted for external moderation. Units 1 and 2 are available for submission in December and May each year (first submission in May 2023). Centres must follow the instructions for running controlled assessments in the Administration Guide and within each Unit Guide. In line with these instructions, centres are required to have in place a controlled assessment policy (which can be part of a centre's NEA policy).

4.2 External controlled assessment (Unit 3)

Unit 3: Performing Arts in Practice will be externally assessed. The assessment brief will be released in September each year (January 2024 onwards) for submission in May/June of the same year.

- WJEC provide a set assignment via the WJEC Secure website
- a 20 hour timed, supervised assessment
- the assessment may be taken in time blocks to be determined by the centre
- each assessment will cover all learning outcomes for the unit
- each external assessment will involve the candidate in bringing together and making connections between the knowledge, understanding and skills learned throughout the unit and applying these by responding to a brief
- be graded Level 1 Pass, Level 1 Merit, Level 1 Distinction, Level 1 Distinction*, Level 2 Pass, Level 2 Merit, Level 2 Distinction, Level 2 Distinction*
- supervision and timing of externally assessed units must be fully documented in accordance with WJEC requirements.

4.3 Synoptic assessment

Unit 3 is synoptic and requires learners to draw on knowledge and experience gained through Units 1 and 2 (see page 21 for further details).

4.4 Candidate and assessor packs

Candidate and Assessor Packs are available on the secure website for centres to download. Centres have flexibility in when they schedule internal assessment but must ensure that they are using the correct packs for the series in which they intend to enter the work for moderation. Candidates must not have access to the Candidate Packs until they are ready for assessment which should be after all the teaching and learning for the unit has been completed.

4.5 Managing the assessments

Centres are required to manage and conduct internal assessments in line with the arrangements outlined in the Administration Guide. There are four areas that are controlled: supervision, guidance, resources and collaboration. Specific details for each unit can be found in the Sample Assessment Materials and the corresponding unit guide.

5. Guided Learning Hours and Total Qualification Time

5.1 Guided Learning Hours

Guided learning hours (GLH) means activities such as classroom-based learning, tutorials and online learning, which are directly supervised by a teacher, tutor or invigilator. It also includes all forms of assessment which take place under the immediate guidance or supervision of a teacher, supervisor or invigilator.

The total number of GLH assigned to this qualification is 120 hours.

Guided learning hours are allocated per unit to support centre planning and delivery. It is acceptable for centres to deliver this qualification holistically and, therefore, guided learning hours per unit are a recommendation only.

5.2 Total Qualification Time

Total qualification time (TQT) is the total amount of time, in hours, expected to be spent by a learner to achieve a qualification. It includes both the guided learning hours (GLH) and additional time spent in preparation, study and some formative assessment activities.

The total qualification time for this qualification has been calculated as 180 hours. This includes:

- 120 hours of guided learning and/or supervised assessment
- 60 hours of self-directed study which may include additional assignments and tasks set by the teacher (homework) and independent use of online learning resources.

6. Entries

6.1 Centre approval

In order to offer our qualifications, centres must have WJEC centre approval. The approval process involves completion of the relevant application form(s) and an assessment of the ability of the centre to meet WJEC and relevant JCQ requirements.

If you are a new institution, please read the following documents before contacting us to discuss your prospective centre:

- JCQ General Regulations for Approved Centres
- JCQ Instructions for Conducting Examinations
- WJEC Conditions for Registered Centres

If your centre wishes to submit entries and is not yet registered as a centre, please contact the Centre Support department at WJEC (centres@Wjec.co.uk) for an application form. The completed form must be returned to WJEC no less than five months prior to the relevant entry deadline.

WJEC approved centres must adhere to the **General Conditions for WJEC Centres** and the appropriate **JCQ regulations**. All WJEC approved centres with a national centre number (NCN) must complete the **annual declaration sent by NCN**. Failure to do so will result in suspension of WJEC registration.

6.2 Entry procedure

WJEC Level 1/2 in Performing Arts will be available for certification from Summer 2024 and each Summer series thereafter.

This qualification has a 40% terminal requirement. This means that the external assessment must be taken in the examination series in which the candidate is cashing in the qualification. Candidates can be entered for the external assessment prior to this as a practice attempt however, only the mark from the attempt made in the series in which the candidate is cashing in the qualification will be used in calculating the final overall grade, even if this is lower than a previous attempt.

Unit entry

Entry for individual units must be made by submitting the relevant unit codes as indicated on each unit of the specification.

Qualification entry

Learners will be entered for the qualification when entering for aggregation (cash-in).

Aggregation does not take place automatically; it is necessary to enter the relevant code for aggregation to take place.

Entry Codes

		Entry Codes	
		English medium	Welsh medium
Unit 1	Internal assessment	5639U1	5639N1
Unit 2	Internal assessment	5639U2	5639N2
Unit 3	External assessment	5639U3	5639N3
Cash in code		5639QA	5639CA

7. Awarding, grading and reporting

Vocational Awards are awarded on an 8-point scale: Level 2 Distinction*, Level 2 Distinction, Level 2 Merit, Level 2 Pass, Level 1 Distinction*, Level 1 Distinction, Level 1 Merit, Level 1 Pass. Candidates who do not achieve the uniform marks required to achieve a Level 1 Pass will have their achievement recorded as U (unclassified) and will not receive a certificate.

Individual units are recorded on a uniform mark scale (UMS) with the following grade equivalences:

Unit	Max	Level 2				Level 1			
		D*	D	M	P	D*	D	M	P
Unit 1	90	81	72	63	54	45	36	27	18
Unit 2	90	81	72	63	54	45	36	27	18
Unit 3	120	108	96	84	72	60	48	36	24
Qualification	300	270	240	210	180	150	120	90	60

8. Resit arrangements

8.1 Resitting units prior to certification

Candidates may resit each **internally** assessed unit prior to certification but cannot improve previously submitted work. The best uniform mark score from the attempts will be used in calculating the final overall grade. If candidates chose to resit Unit 1 – Performing, they must choose another original piece(s) of work to perform.

Candidates may resit the **externally** assessed unit, prior to certification; however, this qualification has a 40% terminal requirement which must be satisfied by the externally assessed unit. Therefore, only the uniform mark score from the attempt made in the series in which the candidate is cashing in the qualification will be used in calculating the final overall grade, even if this is lower than the previous attempt.

8.2 Resitting units following certification

Candidates who are unhappy with the grade awarded for the qualification may choose to resit one or more units following certification.

Where the candidate resits the externally assessed unit, only the uniform mark score from the resit attempt will be used in calculating the final overall grade, even if this is lower than the previous attempt. The candidate does not need to resit the internally assessed unit as marks for the internally assessed unit may be carried forward for the lifetime of the specification.

Where the candidate resits the internally assessed unit, the higher of the uniform mark score from either the initial attempt or the resit attempt will be used in calculating the overall grade. The candidate will also need to resit the externally assessed unit to satisfy the terminal rule requirement for the qualification and only the uniform mark score from the resit attempt will be used in calculating the final overall grade, even if this is lower than the previous attempt.

8.3 Post-results services

Following the publication of results for each examination series, WJEC offers a range of post-results services relating to reviews of marking and moderation and access to examination scripts. Information on post-results services can be found on the Eduqas website.

9. Malpractice

Information regarding malpractice is available in our [Malpractice, A Guide for Centres](#) document.

All cases of suspected or actual malpractice must be reported to WJEC. If candidates commit malpractice, they may be penalised or disqualified from the examinations.

In all cases of malpractice, centres are advised to consult the JCQ booklet [Suspected Malpractice: Policies and Procedures](#).

9.1 Preventing malpractice

Candidates must not:

- submit work which is not their own
- make available their work to other candidates through any medium
- allow other candidates to have access to their own independently sourced material
- assist other candidates to produce work
- use books, the internet or other sources without acknowledgement or attribution
- submit work that has been word processed by a third party without acknowledgement
- include inappropriate, offensive or obscene material.

Candidates are not prohibited from lending books or other resources to one another, but they must not plagiarise others' research.

Candidates must not post their work on social media. They should be made aware of the JCQ document Information for candidates – Guidelines when referring to examinations/assessments through the Internet – <http://www.jcq.org.uk/exams-office/information-for-candidates-documents/information-for-malpractice>

Heads of centre and senior leaders must ensure that those members of teaching staff involved in the direct supervision of candidates producing controlled assessment are aware of the potential for malpractice.

Teaching staff must be reminded that failure to report allegations of malpractice or suspected malpractice constitutes malpractice itself.

Teaching staff must:

- be vigilant in relation to candidate malpractice and be fully aware of the published regulations
- report any alleged, suspected or actual incidents of malpractice to the senior leadership team or directly to WJEC.
